

CHURCH SERVICES USHER IN LENT AT SCOTSDALE

Special Recognition of Pre-Easter Period in Most of Them.

OTHER NEWS OF THE DAY

Special to The Courier.
SCOTSDALE, March 6.—Lent was ushered in yesterday with something special in most of the churches. Lenten services were begun at Trinity Reformed Church last evening with Rev. E. H. Lambach talking on "The Proving of Abraham." These services will continue each Wednesday evening during Lent.

At the United Brethren Church the pastor, Rev. E. B. Leavitt, began special prayer services of Tuesday evening. They will be continued this evening.

Special services were held at the Methodist Episcopal Church. The study classes being continued. Rev. Judson Jeffers taught the lesson, "The Sunday School Work Studied."

At the Presbyterian Church there was a congregational prayer meeting, the topic being "The Synagogue and the Church."

Miss Jesse Dinger was business on Monday evening to the members of the fortnightly Bridge Club at the regular meeting.

Three Amputees.
Miss Elizabeth Battenfield, the 47-year-old daughter of Mr. and Mrs. John Battenfield of Brownstown, has several toes amputated at the Memorial Hospital, Mount Pleasant, on Tuesday.

Presbyterian Canvass.
The every-member annual canvass of the Presbyterian Church will be held Sunday, March 16.

Girls' Club Supper.
The Girls' Club held most interesting meeting at the Y. M. C. A. last evening. Covers were laid for 50 at the supper. Miss Myrtle Heister gave a most interesting talk on "Current Events." There were two large classes in sewing and china painting after the supper.

For Sale.
Forty-seven acre farm, six room house, hot water heater, all kinds of fruit. Twenty minutes walk from street car line, \$5,500.

Seven room house, three acres of land, nice orchard, on macadam road, \$3,000.

Four room house, 30 acre farm, best of water and plenty of fruit, for \$1,700.

Eight room house, good garage, four acres of land, on brick road, \$1,700.

Night room brick house, \$2,500.
Six room modern house, lot 50x125 feet, \$4,500.

Two room house on brick road, on road car fare from Scottdale, Pa., \$2,200.

Six room modern house, corner lot, \$5,700.
Six room house, six and one-half acres of land, \$1,700.

Six room house, bath, heater, and electric lights, \$4,500.
Six room house, like new, \$4,000.

Seven room house, one-half acre of land, \$2,200.
Four room house, lot 80x120 ft., large room (8x20 ft.), \$1,000.

Five room house, water, gas and sewer, lot 40x120 feet, Brownstown, \$5,500. E. P. DeWitt.—Advertisement.

Personal Mention.
Miss Betty Kenney entertained a few friends at her home here on Monday evening.

M. R. Hest returned to school at Kalamazoo on Tuesday after spending a few days at his home here.

Miss Orpha Jean Long is spending a few days with Masontown friends. Cut flowers and fine ported plants in order. Bell 214-M. Tell us your wants. W. C. Myers & Son.—Advertisement.

When You Catch Cold
Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bite—colds of all sorts.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes, hospital size, \$3.00.

England Furnished Most Immigrants Last Six Months

British stock predominated among the people that migrated to the United States during the last six months, according to a report of the Bureau of Immigration. Practically all of them came to this country with the full intention of settling down and becoming citizens, as nearly as the bureau was able to ascertain.

There were 11,961 immigrants from England, 49,166 from Scotland, 25,338 from Ireland and 2,162 from Wales, making a total from the British Isles of 149,667 persons. Only 6,591 left the country, leaving a total increase of 142,916 of this kind of population in the United States out of a total of 255,557 arrivals from all countries.

Next to the British in the volume of transmigration of new blood into our national arteries came the Germans, numbering 97,566. Only 886 Germans left the country, leaving a net gain of 96,680 in the six months.

Third came the Italian stock, 49,777, but more than 16,000 left the country, so that the net gain of Italian population was smaller than either Mexican, Jewish or Scandinavian.

Computations further showed that 254,116 of the total immigrants arriving from July 1 to January 1 were males and 221,111 were females.

As regards the work they will do, there were 296,121 including women and children, classed as having no occupations, 201,216 unskilled laborers, 129,075 skilled laborers and 18,786 professionals.

Power persons are shown to have left the United States in the last six months then for any other period of time recorded in many years.

This is considered due to the fact that the United States has been industrially prosperous and active while unemployment has prevailed alarmingly in nearly every other country from which immigration comes.

WOMEN MORE OPTIMISTIC IN WAY OF REMARRIAGE

Unusual Facts Revealed in Study of Figures in Office of Auditor.

Women are more optimistic in the matter of remarriage after divorce than men, as shown by the marriage records on file in the auditor's office at Vancouver, Wash. Out of more than 2,800 marriages performed here during last year, 385 of the brides had been divorced, compared with 233 divorced bridegrooms. Many of the women had been divorced twice and a few had been through the divorce court three times.

Only a few men had been divorced twice. Both parties in 130 marriages had been divorced. Minor brides were also more in evidence than minor bridegrooms. Brides sixteen years old were numerous with a few only fifteen, the minimum age at which a girl can obtain a marriage license in Washington, even with the consent of parent or guardian. The youngest bridegroom to be licensed was seventeen, but there is no minimum age limit on boys in this state.

Nine couples of mixed races were granted licenses and were married by Justice of the Peace W. W. West of Minnabie, as Vancouver city laws and official notice to marry mixed couples, although the auditor must sign a license if there is no other obstacle to the marriage.

Less than 10 per cent of the licenses were issued to residents of Clark county. Seventy-five per cent were issued to couples from Oregon (60 per cent giving Portland as their home address) and the number of couples coming to Vancouver for marriage licenses and nearly every state in the Union was represented during the year.

The earthquake and fire in Japan last September were the cause of bringing to Manila the largest individual typewriting and printing order ever undertaken in the Philippine Islands. The job is that of putting into type the Bible in seven Philippine dialects for the American Bible society.

Prior to the earthquake, the printing for the American Bible society in the Philippines was done in Japan, but the plant at Tokyo was destroyed. The contract for the typewriting required about 24,000,000 ems.

The work will be done on a single linotype, which will be operated 10 hours a day by two men working eight hours a day each. They will be busy for the next year and nine months.

More than 21,000 Bibles are included in the first order.

The seven Philippine dialects are Ilocano, Pangasinan, Tagalog, Cebuano, Hiligaynon, Ilonggo and Bisaya.

Guests in Germany
Bring Own Victuals

"Being your own victuals" parties, popular in Russia during the famine, have become quite the fad among the German middle classes, who do not feel able to serve food and drink whenever friends have been invited to their homes for an evening of entertainment.

The housewives adopted the practice of requesting guests to bring their own sandwiches when food became an expensive some time ago, and assert the Russian system has worked splendidly, that everyone has a good time and that if a guest does not get enough to eat, it is his own fault.

BEAUTY
needs Pure
Cleansing Soap

To develop a fine textured skin there's nothing like the habit of cleanliness, which means washing with a soap that is both LATHERY and Pure.

Try the surprisingly rich lather that Sweetheart makes in hot or cold water, hard or soft. Economy, too, because Sweetheart has no frills—fancy wrapping, coloring matter or heavy perfume to pay for. Just the finest soap. Delicately scented.

At grocers and better druggists. Try it!

Or Place Your Order for Spring

The Chevrolet is so firmly established as a quality car and stands so far out front in leadership that there is sure to be a big shortage again this season.

Although we have taken every car allotted to us since August 1st—and our allotment is nearly twice as large this year as last—we have not been able to accumulate any sizeable stock of cars for Spring delivery.

Last year we warned prospective purchasers, just as we are doing now, and although the response was most generous, yet there were more than 100 disappointed because we could not fill their orders.

Do Not Delay—Place Your Order Now for Future Delivery. It is Easy to pay for a Chevrolet

Region Does More Than Make Good Loss Resulting From Sleet Storm of February

Production Increases 19,500 Tons to Highest Level of 1924 to Date.

FURNACE OVENS LEADERS

Having Supplied 87 Per Cent of Output Also Add 395 Active Ovens Against 37 Blown Out by Merchants' Latest Still Cautious in Their Movements.

The Connellsville region last week did even better than wholly recoup the loss in production incident to the sleet storm of February 15, which stopped the electric power service and held up the distribution of cars for several days. The output was not only increased to such an extent that the discrepancy was made good, but the weekly total was advanced to a new high point for the year.

The gain of 19,500 tons, the largest in a single week thus far in 1924, brought the regional total up to 232,290 tons which is 12,000 tons greater than during the week ended February 16, the best record to that date. Notwithstanding the noteworthy increase of last week the weekly tonnage is still 15,000 tons behind that of the corresponding week of 1923. Cumulative production for 1924 to March 1, stands at 1,977,900 tons, which is 356,650 tons or 15 per cent, above the record of a year ago. This shows how far the trade has to travel, or indicates the rate of moving, in order to catch up with 1923.

It is again a feature of the production increase to note that the furnace producers rather than their merchant brethren were the heaviest contributors. Of last week's gain the former furnished 16,000 tons, or practically 87 per cent, as contrasted with 1,600 tons, or only 13 per cent, furnished by the merchant producers. The furnace plants went even further along on the way to larger things by blowing in 266 additional ovens while the active merchant — it was actually reduced 37 ovens.

The H. C. Frick Coke Company, which resumed the expansion of its facilities, the increase in active furnace ovens having all been at plants of this company. During the preceding week the work of bringing the 236 ovens of the Donora plant of the B. & O. to production, was completed.

That question of age — a pretty sixteen-year-old happen — attended a dance the other night and while taking lunch afterward at a cafe saw one of the leading citizens of the town in the cafe.

That about all the coke that consumers need at this time is being made from week to week without causing either a surplus or a deficit. This is a very satisfactory condition in this respect but, of course, every coke maker has the desire to see the volume of trade grow, but with the very necessary and important provision that prices rise to a level more nearly commensurate with the value of their product than has been the case for a long, lean period. They will, therefore, continue to be chary of making any increase in production facilities without a demand having first developed of such character as will indicate its stability.

The estimated production of coke during the week ended Saturday, March 1, was 202,290 tons, divided between the two districts as follows: Connellsville, 134,690; an increase of 13,340 tons; Lower Connellsville, 67,600, an increase of 8,660 tons, or a total increase of 19,500 tons as compared with a total decrease of 9,100 tons during the immediately preceding week.

By interests the production was: Furnace, 143,800, a gain of 16,900 tons; merchant, 58,490, a gain of 2,600 tons, as compared with losses of 8,700 and 400 tons respectively during the week ended February 23.

The net gain of 358 in the number of ovens in blast represents the difference between 356 added at furnace and 37 blown out at merchant plants. The furnace gains were all at Frick plants as follows:

Colliers 25; Becla No. 3 20; Leising No. 1 15; Leising No. 3 15; Mammoth 25; Redstone 20; United 20; Wynn 25; York Run 51; Youngstown 36; Buffington 50. At Oliver No. 1 10 were added; 15 blown out at Oliver 2 and 32 at Peotter, making the net merchant decrease 37.

Production by the merchant and furnace interests and the total compared with the corresponding week in 1923 is shown herewith:

Week	Merchant	Furnace	Total	1923
Jan. 1	73,000	112,290	185,290	217,500
Jan. 15	78,500	112,200	190,700	225,500
Jan. 29	81,410	124,100	205,510	224,600
Feb. 12	79,900	128,900	208,800	215,000
Feb. 26	83,900	131,800	215,700	211,100
Mar. 1	85,000	135,000	220,000	207,200
Mar. 15	90,000	135,000	225,000	201,300
Mar. 29	85,000	135,000	220,000	201,300
Mar. 1	85,490	143,800	229,290	217,500

1924 to Date 1,977,900
1923 to Date 1,821,250
Increase from 1923 156,650

THAT QUESTION OF AGE

A pretty sixteen-year-old happen — attended a dance the other night and while taking lunch afterward at a cafe saw one of the leading citizens of the town in the cafe.

"I never was so shocked in my life," she said in recounting the experience, "as when I went into the restaurant and saw him there. Think of him being there at 1 o'clock in the morning!"

Singed Wings

The Story of a Pleasure-Mad Girl

NEVER will she forget that dreadful night which in a few short hours changed her from a laughing, carefree, pleasure-loving girl to a serious minded, careworn woman of the world.

Poor little Kate—once too often she had cast the dice with fate and now she was called upon to pay. It was not the first time she had taken auto rides with strange men through country roads and dusky lanes, not the first time she had dropped in at the roadside house for a midnight lurch with a man she had never met before. But it was to be the last, for to-night this little moth, gayly fluttering around the flame of life, had flown too close.

If she had only known, if the thousands of girls who every year learn by terrible experience, could only be made to realize that no matter what the provocation, no girl can afford to disregard convention, become careless in her personal conduct, or sacrifice her dignity

in the pursuit of pleasure, what countless hours of living death would be avoided.

"My Stranger Husband" is her story, as told by herself. It is a tale of the experience of an ordinary girl, not bad, —just average, who in her eagerness to taste the joys of life tried to force the hand of fate. It is in True Story Magazine for April.

From the safe haven of your own fireside see the mistakes she made, see her thoughtlessly abuse her new found freedom, see the methods by which men she had never met, scraped her acquaintance, ride with her on moonlit roads, see the grim joke played upon her by fate in the guise of a man, follow her through months and years of atonement, even to the shadow of the prison wall. Not only a lesson in life, that thousands pay years of tears and agony to learn but a splendid, vivid true story that will hold your deepest interest to the closing word.

It was not the first time she had dropped into a road house for a midnight lurch with a man she had never met before—but tonight this little moth, gayly fluttering around the flame of life, had flown too close.

Vivid Heart-Stories Fearlessly Told

Here Are A Few From The April Issue of True Story Magazine

"The Lure of Green Eyes"—Good looking, an athlete, a splendid student, he led his class in college until he attracted the fancy of Nora Sanderson, beautiful divorcee, woman of the world. Not understanding women of her type, he considered himself as playing a temporary, pleasant role which he could abandon at any time. But when true love came into his life and he tried to break with Nora—but read this an... story of a mistake that ruins the lives of thousands of young men every year.

"A Fool There Was"—Fresh from the country, he was burdened with self-consciousness, and the morals of ten generations of ministers. By his associates in the city he was considered "just a poor dabb." He decided that what he needed was knowledge—knowledge of life—of women—especially of women. He got it—but in a manner and with completeness he could never forget.

"The Price of Silence"—She left her baby on her mother's doorstep to be taken in as a foundling. But when it became necessary for her to break two loving hearts and bare her own, to forestall an even grimmer tragedy, she realized that sooner or later sin will out.

"A Wife In The Way"—They married —a brilliant, talented man—she a narrow-minded, shallow incapable woman. Eventually he met the woman who could make him happy. The manner in which these three worked out their destinies makes a thrilling tale of love and tragedy, such as you have seldom read.

"When Hope Seemed Dead"—When a girl who has given her heart to one man, marries another whom she does not love because her parents wish it, is she not working a terrible injustice upon all three? Is not tragedy, suffering, unhappiness and regret almost sure to follow? Would it not be better to defy her parents to do their worst rather than face the terrible consequences and temptations of such an alliance? This story, told by a girl who had to decide these questions for herself will make wonderful reading and give a deep insight into human nature.

Harriet M. Sedden, who founded True Story Magazine, made it the one of the best and best-selling magazines in the world.

True Story a Missionary to Boys and Girls

"It is with much pleasure I give my wholehearted endorsement of your magazine TRUE STORY. It lifts above the sordid and unnatural types of life which our young people have depicted for them in many of our cheap magazines and in much of the literature of today. In addition to acting as an antidote to these, your magazine will create a condition of mind where the actual facts of life can be truly investigated and discussed without fear of arousing a false modesty into indignation. I have long been convinced that to raise the moral tone of our people, we must learn to face the actual facts of life, and deal with these facts of the moral plane. I feel that parents could not do better than to let their children be a missionary in their lives and guide them to the great issues of life as they are presented in such a way as to free them from the immoral side which is applying the reality out of life. With your magazine the conditions are made so plain and so understandable as to all. If a man, young or old, were to read in every home I believe it would tend to bring brightness and to a realization of the many things leading to the life of virtue."

Stomach Relieved by Herv-Worth

"I suffered 25 years with indigestion and heart trouble and nervousness," said I. J. Herv-Worth, of Pittsburgh, Pa. "I was in a bad way, but I was cured by Herv-Worth's Stomach Remedy. I feel like a new man now, and my stomach, back and all, is all right."

MOTION PICTURE DIRECTORY

A GUIDE TO THE BEST PICTURES NOW BEING SHOWN

Today

"EMBLEMS OF LOVE"

Under Auspices of the
Loyal Order of Moose No. 16

Here's a picture that will thrill you.
Your heart will sing its praises; and your
memory will enshrine it everlastingly.

MISS MARGARET DEBOLT

Will Sing "Emblems of Love"
3 O'clock, 7 and 9.

At the Theatres

The Paramount

"THE CLOUDED NAME" provides
splendid entertainment today at the
Paramount.

A charming love interest, a well
developed and unusual plot contain-
ing thrills, suspense and mystery
make "A Clouded Name" a picture
that pleases all.

The story centers around the char-
acters enacted by beautiful Norma
Shearer, mainly Gladdey James and
Yvonne Logan, a clever child actress.

A strange double tragedy casts a
cloud of disgrace on the names of
the hero and heroine. He tries to
clear her, but she is a young lady
not afraid to go after what she wants,
and in fleeing from his fair pursuit
the hero finds a clue to the mystery,
which is finally cleared up to the
satisfaction of all save the villain.

Friday and Saturday "The Six
Fifty" will be shown.

The Soisson

"THE LOVE BANDIT," a thrilling
drama of the big woods—a romance
of a red-blooded young lumber king,
is the leading attraction today, Fri-
day and Saturday at the Soisson.

Del Kenyon and Victor Sutherland
appear in the stellar roles.

The hero, Jim Hagen, is a strong
forceful man of hard, but rough ex-
terior, who can remake a human be-
ing with the same assurance that he
shoots a Colt .45. He is the red-
blooded type of American manhood
self educated, and has achieved his
success in the business world, only
after years of bitter struggle in con-
quering the many difficult problems
that he encountered in the battle with
life.

Toward the heroine, Amy Van
Clayton, a blue-blooded daughter of
an old aristocratic New York family,
he is all romance, chivalry and love;
but she seems to him only the primi-
tive brute and monster.

The action is laid in New York
and the heart of the great Maine
Woods and contains a wealth of hu-
mor, romantic sequence and thrills
with characters unusually true to
life.

The Orpheum

"EMBLEMS OF LOVE," a mighty
drama of love, is being shown today
at the Orpheum Theatre, under the
auspices of the Connellville Loyal
Order of Moose.

"Emblems of Love," is a picture
long to be remembered for its
thoroughly human characters. It is
a story of every-day folk and their
problems, problems every ordinary
mortal will recognize—and while we
know that the players are well known
to moviegoers, their performances, or
shall we say their characterizations,
are so natural, so devoid of artificial-
ity, and the story one of such an in-
timid nature, that in viewing the
picture one is apt to feel, subcon-
sciously at least, that he is looking
not at a screen play but right into
the homes of typical humble people.

Charles Delaney was Buddy Jones;
Grace Unard, as his sweetheart,
Mary O'Brien, Jane Thomas as Julia
Jones, the three who play the young-
ful roles, give their usual satisfac-
tory performances. And the others
in the cast were evidently selected
with infinite care so well do they fit
into their respective roles.

Friday and Saturday Thomas
Molghan will appear in "Red Piper
Malone," a Paramount picture.

To Darken Hair Apply Sage Tea

Look Young, Drink Back Its Natural
Color, Gloss and Vitality.

Common garden sage brewed into
a heavy tea with sulphur added, will
turn gray, streaked and faded hair
beautifully dark and luxuriant. Just
a few applications will prove a re-
velation if your hair is fading, streaked
or gray. Mixing the Sage Tea and
Sulphur recipe at home, though, is
troublesome. An easier way is to get
a bottle of Wynth's Sage and Sulphur
Compound at any drug store all ready
for use. This is the old-time recipe
improved by the addition of other in-
gredients.

While wispy, gray, faded hair is
not stylish, we all desire to retain our
youthful appearance and attractive-
ness. By darkening your hair with
Wynth's Sage and Sulphur Compound,
no one can tell, because it does it so
naturally, so evenly. You just dampen
a sponge or soft brush with it and
draw this through your hair, taking
one small strand at a time; by morn-
ing all gray hairs have disappeared,
and, after another application or two,
your hair becomes beautifully dark,
glossy, soft and luxuriant. Adver-
tisement.

Getting Too Fat? Try This-Reduce

People who don't grow too fat are the
fortunate few. But if you find
the fat accumulating or already ex-
cessive, you will be wise to follow
this suggestion which is endorsed by
thousands of people who know. Ask
your druggist for Vermoxin (Prescription
Tablet) and follow directions. One do-
se is two pills the first day, one the
second day, then one pill every day
until you are back to normal weight.
This you will be safe from harmful
drugs and you will be able to eat
and drink without restriction and
without exercise. Advertisement.

Dickerson Run

DICKERSON RUN, March 6.—Mrs.
J. G. Senior who was a patient at the
Mercy Hospital, Pittsburg for some
time, has returned home in an im-
proved condition.

George Boney attended a confer-
ence with P. & L. E. Railroad officials
Wednesday. The officials and com-
mittee of the shop men's organiza-
tion are making arrangements for
the shop men's annual summer out-
ing which will likely be held in Ohio
about the middle of the summer.

James G. Dole of Pittsburg spent
Tuesday here visiting his parents,
Mr. and Mrs. W. A. Gillespie.

and contrasts.

Friday and Saturday

At the

Strand Theatre

DUNBAR, PA.

MANY of our patrons, after they have finish-
ed their meal, come to us with a glad smile
on their face, and say: "That was the best meal
I have had for a long time." Others say, "I
don't see how you can make any improvement
on your service; this restaurant is certainly
worthy of its name." Some ask, "Are you going
to keep the same service and quality at the same
low prices?" and still others say, "It certainly was
a fine meal, but I would advise you to charge a
little more and continue your excellent service."

There is nothing that pleases us more than the
compliments of our patrons. We are certainly
thankful to them and promise that our service
will always be the same as it is at present.

We are not newcomers in the restaurant busi-
ness. In the past 10 years we have built up an
enviable reputation in Connellsville and vicinity
and we are going to live up to our reputation.
Come in and get acquainted.

Coker Grid Schedule Is Drawn Up; Ten Games Are Scheduled; Eight at Home

Scottsdale, Johnstown and Greensburg Schools Are Not Listed This Year.

MOSTLY LEAGUE TEAMS

The Connellsville High School football schedule for the fall season has been completed. It includes 10 games, eight at home and two away. Practically every team, with the exception of Mount Pleasant and the Dunbar township teams and members of the Western Pennsylvania Interscholastic Athletic League and the last named is included in the Fayette County League.

No games were arranged this season with Youngwood, Johnstown or Greensburg, all of which were played last season.

Youngwood wanted the Cokers to go there but as High School already exchanges games with enough teams his request could not be considered and the team was dropped. Johnstown is also off the Connellsville schedule. The trip to that place is always a hard one and expenses generally exceed the guarantee.

The Greensburg game was not even negotiated for it was understood the Westernmost county team felt the Cokers could not give them opposition. Instead, Greensburg would play another schedule Monaca. A team dominated by Connellsville last fall, or Jennings, which school appears on the Orange and Black list the coming season.

For the past several years there has been considerable agitation among Coker fans for dropping Greensburg. Allegations that the team does not live up to the same requirements as schools in the W. P. I. A. League are always heard. Not only has such been the contention in Connellsville but elsewhere. It was heretofore with entire satisfaction that the schedule was made up without the presence of the Brown and White combination.

Jennings gets a place on the schedule this fall and another newcomer, a Bridgeton. Neither of these teams have ever played football in the city although they have been old opponents on the basketball floor.

The two games played away in 1935, a 14 game and Monaca on the July 14 day game will be with Greensburg on November 14 in order to allow the players to attend the Pitts. & I game at Pittsburgh on Saturday, November 15.

The schedule follows:
September 27 Mount Pleasant, here
October 1 Jennings, here
October 11 Dunbar, here
October 18 Latrobe, away
October 25 McKeesport, here
November 1, Washington, here
November 8 Monaca, here
Friday November 11, Indiana, here
November 22 Bridgeton, here
Thanksgiving Dunbar, Twp., here.

HIGH SCHOOL CHAMPS PRIMED FOR GAME AT PITTSBURG SATURDAY

Final practice for the championship clash on Saturday between the Connellsville Tech gymnasium and Tarentum High schools in the Carnegie Tech gymnasium in Pittsburgh will be marked by a light workout here tomorrow afternoon. The boys are in excellent shape and will go into the fray ready to show their old form.

The team will go to Pittsburgh early Saturday morning and it is possible a light workout of 20 to 30 minutes will be arranged for them on the tech floor. This will get the boys familiarized with their surroundings. Indications point to a large attendance of rooters from Connellsville and railroad accommodations may be used unless an extra car is provided. The game will be at 8 o'clock and no extra are received, it was said yesterday.

Monessen High Wins Over Allegheny Five In Elimination Game

Playing in the elimination series of the W. P. I. A. League in Pittsburgh to determine the championship of the league, Monessen High School last night won out the Allegheny High School with a one point win, 27-26, after coming from behind. It was the second game of the elimination series and on Monday night Monessen High won over Ford City in the same manner, getting the victory by a single point after an up hill battle.

Scheid was the star for Monessen. It being his brilliant play that brought the score to 14 and then put the steel city outfit in the lead. At the time of the Monessen victory Allegheny was leading by 13 points.

If Connellsville can defeat Tarentum High School on Saturday night he semi-final will bring the Cokers against Monessen. In such event it will be the third game played between these two teams, with each outfit winning once.

Trinity Team to Meet "Big Five"

SCOTTDALE, March 5.—The Trinity School of Connellsville will meet the Big Five basketball team at 8 o'clock this evening at the real games of the season.

Of interest to fans, The Greenwood A. C. team defeated the Christians last night 27-22. Greenwood will play Troop No. 4, Boy Scouts, at the Armory on Friday.

The Lightning Five defeated the Logan team by a score of 27-21 yesterday afternoon.

Since Monessen won last night and will be in the semi-finals with Connellsville if the Cokers defeat Tarentum, it will be an advantage to the locals as they will not be going up against strange formations. With two games against Monessen already behind them the Orange and Black players will know how to handle the situation. But Tarentum is yet to be overcome.

Scottsdale is still off the Coker football schedule. The Mill Tonnies wanted to play this season but could offer no satisfactory date.

A rule barring freshmen from varsity athletic competition during their first semester has been adopted by many of the New England colleges.

Pittsburgh has tied the twine to Outfielder Lavitt. We are not in a position to state whether he is one of those fellows who can be left or taken.

Patronize those who advertise.

Son Is at Pennsylvania

James Rice, Jr. son of the universally known Mr. Rice former Columbia rowing coach who according to latest reports will enter the University of Pennsylvania after his graduation from high school in New York city. The youngster is a big fellow, and at the age of seventeen stands 6 feet 4 in. in stocking feet. His father will be a star in the Wright at Penn the season.

Football news about baseball training camps is coming in and pretty soon somebody will rise to remark that the days are growing longer.

Globe-Wernicke AGENCY

Casey-Frat Tangle Will Draw Heavily On Next Wednesday

The game between the Unity Fraternity and Casey Clubs on Tuesday night as the opener of a five-game series has started the basketball pot boiling, judging by comments heard yesterday. The story of the game has circulated rapidly and indications are that a capacity house will fill the gymnasium next week. The clash was the subject of conversations on the street corners and in the homes.

The same line ups will start the game next week and Eddie Wall of Scottsdale will referee. His presence will insure as fast a game as the boys can play.

A meeting of the Connellsville Ten Association will be held some time this month to prepare for the summer season. The organization anticipates its best year and a number of men have already signified their desire to enroll as new members.
